

Thomas Worford, Jr. Transportation Program

Finding suitable transportation can often be a barrier for pALS who need transport to non-emergency medical appointments and special events.

Our transportation program reimburses expenses provided by independent companies for pALS who can no longer drive or need wheelchair-accessible transportation.

pALS are eligible to be reimbursed for up to three trips at \$100 each. Please contact ALS of Michigan at (248) 354-6100 for program details.
