Eye Gaze Technology for pALS

Lisa G. Bardach, CCC-SLP
Speech-Language Pathologist
ALS of Michigan

Lisa will discuss how eye gaze technology works and demonstrate solutions for communication, texting, social media, internet access, and more. The presentation will cover low tech and high tech options and address the latest advances. Multiple product reps will be available to demonstrate equipment so participants can try it themselves.

Covid precautions of social distancing will be in place and masks will be available at the door. ESD is committed to a safe and sanitary environment.

This presentation is free of charge as a service for our ALS community. Workshop is open to pALS, families, friends, caregivers and healthcare professionals. Space is limited, so please reserve your space no later than Thursday August 11.

Light refreshments will be served.
